ACCI Summer Academy 2018
"SMALL HOUSES"
For rising 9th-12th grade students interested in Architecture – Engineering - Construction

REGISTER TODAY!
$125 before April 30th
$150 May 1st - May 25th
$275 after May 25th
includes supplies, field trips, lunch & t-shirt.

SCHEDULE:
8:15AM
Early drop-off
9:00AM - 4:30PM
Academy Sessions
Full day learning sessions will develop design and presentation skills.
The week will conclude with a review of student work by ACCI members and local practitioners.
Parents are invited to attend the awards ceremony (final day) to recognize student achievement.

JUNE 04-08: Kennesaw State University
Located within the College of Architecture and Construction Management (CACM), the first Academy will include tours of STEM labs and building facilities & the surrounding communities.

JUNE 11-15: Georgia Institute of Technology
Located within the College of Design (CoD), the second Academy will include tours of high performance campus building & the surrounding communities.

ACCI MISSION / OBJECTIVES:
The ACCI strives to mentor, educate, and develop creative abilities in youth to promote greater diversity in the architecture, engineering and construction professions. Using the creative process of design and highlighting the significance of art, architecture, and engineering in daily life experiences, we engage youth while providing them with an insight into the world of art, architecture, engineering and related professions.

ACADEMY DESIGN PROJECT FOCUS:
"Small Houses" will provide a common theme for both academies. We will explore design approaches that focus on necessity and affordability in the context of the emerging realm of minimal housing environments.

Architects, Engineers, and Educators will facilitate discussion and learning opportunities for the students as we develop concepts, designs, and final representations (drawings / models) of proposed solutions.

Instructors / Mentors:
Prof. Marietta Monaghan, KSU & GT
Prof. Ed Akins, KSU
Prof. Peter Pittman, GT
College Student Assistants
Industry Professionals

Educational Partners:
Kennesaw State University
Georgia Institute of Technology
Auburn University
Harvard University
Benjamin E. Mays High School
Marietta High School

Corporate Sponsors:
Kappa Boule Fraternity, AIA Atlanta Chapter,
Black & Veatch, City of Atlanta, Georgia Pacific, McCarthy Building Company
